Appreciation Letter

I am writing to put on record LAHDC Leh's appreciation to the resolute employees of NIC Leh led by Sh. Jamyang Namgial, Technical Director, NIC, Leh for their praiseworthy service to LAHDC Leh and District Administration particularly during the ongoing crisis in the District due to the breakage of BSNL internet connectivity.

National Informatics Centre, Leh is providing connectivity to all the Government Departments through its four V sat's with limited available bandwidth to all the Govt. Departments for online data transmission viz. online data entry Ration Card management system for Consumer Affairs & Public Distribution, MGNREGA online entry system for Rural Development Department, School Management Information System for Education Department, e-Tendering of all Departments, ERMS online for election Department, Degree College students for exam registration and generation of Admit Cards, Downloading examination papers for ITI NCVT and SCVT for ITI Institute and Polytechnic College, online paper for Bank Clerk exams being conducted by Staff Selection Commission for one month, SKUAST online management system, online Power Development Department management Information system, District Industries Department, District Court, AQ/CQ questions transmissions, Gas Subsidy online updation by IOC and HP Dealers alongwith, helping students for online NEET application and tourists in emergency case etc.

Despite compelling limitations, the way in which NIC Leh contained the digital crisis in Leh District is exemplary and deserves due recognition and appreciation.

I once again would like to express my sincere appreciation to Shri Jamyang Nagial, Technical Director, NIC, Leh and his team at NIC Leh for their commendable service to the public.

(Dr. Sonam Dawa Lonpo)
